

Machine Operator

Van Wasteco (a member of Merlin Plastics Group) - Delta, BC

Our plastics processing plant on Annacis Island is looking for a Machine Operator to operate machinery, which includes feeding material into machines and aiding the Supervisor in achieving production targets.

Training will be provided to operate a variety of machines used in the plastics industry within our process setup.

In this role you will be trained on how extruders and wash line run, and how these two main types of machines affect our plastics recycling operations. To succeed in this role, your mentality will most likely sound like this: You love and enjoy working in a fast paced environment, as well as have strong interests in working with machines. Learning about new types of machines in the manufacturing industry is your new goal that you've set for yourself for the next 1 - 2 years.

Responsibilities and Duties include:

- Shredding, guillotine, cutting and pelletizing feedstock plastic.
- Set machine parameters and initiate/maintain production cycle
- Continuously monitor production process and quality level
- Take charge of production, output and end product (pellets, PET flakes)
- Maintain a safe work environment, and closely follow all safety procedures (lock-out/tag-out etc.)
- Maintain a clean work environment
- Follow safety guidelines
- Communicate well with fellow team members and supervisors
- Light forklifting: moving materials around inside the plant from time to time

Location:

- 103 - 917 Cliveden Ave, Delta, BC

What we look for in an ideal candidate:

- 1+ year experience of operating machines (eg. CNC, Bindery Machine, etc.)
- 1+ year experience of operating a forklift and working in a production/manufacturing environment
- Experience with operating an extruder and/or wash line, as well as general labour is considered an asset, but not a requirement
- Adhere to Health and Safety standards
- Communicate in English
- Legally entitled to work in Canada
- Able to work in a noisy and fast-paced environment
- Mechanically and technically inclined, as these skills will help you in successfully operate/handle our main machines
- Reliable and organized
- Consistent employment history (reference check will be conducted upon conditional job offer)

What we offer:

- Group benefits and RRSP's after 3 months
- Employee personal and professional development
- Personalized training
- Strong HR support
- Free parking space
- Company events on a regular basis
- Dynamic work environment
- Diverse culture: opportunity to learn from different backgrounds
- Bus stop is 3 minutes away
- Potential car pool, depending on situation
